**NATIONAL
HERITAGE
WEEK 2018
18-26 AUG**

These guidelines introduce The National Heritage Week logo 2018. They have been compiled with the Heritage Council to ensure the identity is used correctly. Please adhere to them carefully so that the design can be consistently implemented.

THE LOGO DESIGN

The logotype consists of two elements

- 1 the name and date area;
- 2 the 'h' icon

Landscape format

Portrait format

The logo is created in Landscape format & Portrait format only. The most appropriate arrangement should be selected for purpose each time. The date is an integral part of the logo design.

The logo should always appear in a single solid colour on white or contrasting background so that it stands out. The logo should never appear on a clashing or similar tone background. The white version of the logo should ONLY be used on a contrasting background OR sitting on one of the brand colours. The logo colours follow.

COLOURS

The logo is mono toned and has been designed to work in the following 2 colours – pink and white. There are additional colours which are part of the National Heritage Week branding palette, but these are used in support of the primary Pink/White colour.

THE 'H' ICON

The 'H' icon is an integral part of the identity. It should ALWAYS sit as arranged within the logo but it can also stand alone as a primary brand feature. In 2018, THE 'FIDDLE' is the cut-out . This is associated with 2018 as shown below and should NEVER be changed or re-arranged.

THE TAGLINE

The 2018 tagline is 'Share a story, make a connection'. It is styled and should always be used as shown below. It will sit with the logo as an accompanying graphic device on all marketing materials

SHARE A STORY
MAKE A CONNECTION

COMMUNICATION MATERIALS

There is a distinctive branding style for all communication pieces which must be followed. We have designed posters / flyers and brochure templates with specific styles that must be adhered to. Below see how the layout is divided into 14 rows. **The Heritage Council logo** should always sit in the top left corner of the middle of row 1. **The tagline** sits in the top right area, flush with the image edge, filling rows 2 & 3. The photo should always take up the top 8 rows with the remaining 6 rows in the selected colour (matching the photo used). The end row displays other logos. **The H of the logo** should always sit in WHITE, and take up half of the photo height size. See some samples below:
